

India Construction Week 2020 – Digital “Reviving Construction Industry in Post COVID World”

Jointly Organized By:

Supported By:

Construction industry, world over, has borne **extreme losses due to onslaught of COVID pandemic**, so much so, that the pain and scars inflicted upon the industry, due to damages and losses, will haunt its stakeholders for a long time to come. Even today, the pandemic is far from being over, and the damages & losses are continuing unabated. The green shoots are, however, visible as the industry operations have started under the shadow of pandemic. To heal and revive the construction industry, what we need are collaborative and joint actions by constituents. These, irrespective of the presence of pandemic, will hasten the industry recovery process bringing our industry back to its pre-COVID status as quickly as possible.

These acts would have to focus on the current situations, evolve recovery guidelines, systems and procedures to address emergency situations that have evolved in almost all segments of Construction Industry, and **create or rejuvenate networks** of individuals and bodies to **meet the challenges in the Post-COVID world**. Such actions could be successfully achieved by leveraging the synergy of existing professional organizations of engineering trade serving construction industry.

To achieve these objectives, **Construction Industry Development Council**, the apex organization of Indian Construction Industry, jointly with **Indian Society for Trenchless Technology** and supported by associate organizations, is organizing the **India Construction Week 2020**, an Online International Conference and Exhibition from **1st to 5th December 2020**. The Week shall deliberate on the critical issues and chart course of action to be followed by the Industry to come out of current state and become vibrant soon.

India Construction Week-2020 is a **multi stream event** planned to have several integral events ranging from **Conferences, Live Shows, Interactive Exhibition, Live Visits to projects and/or production facilities of exhibitors, Technical Training Programs, Release of guidelines and technical publications, and launch of training portal to meet the training and education needs for fast revival of the industry**.

One stream shall be from **CIDC**, and participating CIDC Associate Organisations, to deliberate and address critical issues facing the respective industry domains today and paving the way for solutions. Second stream shall be from **IndSTT**, wherein the **NoDig India Show 2020**, the flagship annual event of **IndSTT** focused at subsurface constructions, shall be conducted for achieving similar objectives as the first stream. Industry subsectors under discussion shall include **Construction Materials, Services, and skills, Engineering Technology and Education, Arbitration, Consultancy, and Trenchless Technology**.

The event is partnered by **EPCoM – CEM- Purdue University, USA, International Infrastructure Solutions - LLC, USA, World Trade Center-Indianapolis (WTC-Indy), USA, Buried Asset Management Institute – International (BAMI-I), USA, IKT, Germany, & International Institute of Utility Specialist, Hongkong**.

India Construction Week shall have the following **components**:

- i) **Online interactive Conference** comprising of a series of webinars on theme subject primarily aimed at reviving the Construction Industry, highlighting the importance of good construction practices, processes, and guidelines in post COVID world and providing guidelines, operating procedures, standards, and economic parameters required for specific domains of construction industry.
- ii) **Online interactive workshops from equipment manufacturers** highlighting their products & services, equipment safety, productivity, operating procedures, and benefits of using OEM products and services, and launching new products and services.
- iii) **Online interactive workshops from Project owners**, highlighting project details, both completed as well as planned ones to provide inputs for other project owners in their projects, and to invite inputs/suggestion for planned projects.
- iv) **Online interactive workshops from Consultants**, highlighting project case studies of executed projects and/or special techniques evolved/practiced by them, and proposing guidelines on the basis of such projects.
- v) **Online training programs on various construction/allied fields** for continued proficiency development and cultivation of professionals in various domains of Construction Industry.
- vi) **Online Live shows**, demonstrating construction/allied techniques for enhanced understanding of the live show participants and clarification of their doubts in the highlighted construction techniques.
- vii) **Digital Exhibition on Event portal**, comprising of display of company video/presentation playing as and when the visitor clicks on the link on the event portal during the show period.

- viii) **Live interactive multi channel digital booths** for providing interactive sessions with the show visitors with the event exhibitors through video conferencing.
- ix) Live interactive multi channel digital booths for project site / equipment manufacturing plant / allied location visits for the show participants.
- x) **Live interactive Chat rooms** to assist networking of show participants, and providing interactive platform for discussing issues of interest and doubt clarification.
- xi) **Online release of Technical & Commercial Publications.**
- xii) **Launch of educational portal** for training and education in various engineering & technology and allied field.

About Organizers

Construction Industry Development Council

The Construction Industry Development Council (CIDC) has been set up jointly by the Planning Commission Government of India and the Indian construction industry. We are an umbrella organization for the construction industry in India and have a national presence with branches across the country.

CIDC undertake a wide range of activities to benefit the construction industry. This includes conducting training at various levels, organizing workshops and conferences, publishing journals and newsletters, welfare programmes for construction workers, grading, placement and so on. The contribution of CIDC to the country's growth has been recognized by various leaders and we are the recipients of the prestigious **Golden Peacock National Training Award 2008**.

The Council, for the first time in the country, provides the impetus and the organizational infrastructure to raise quality levels across the industry. This helps to secure wider appreciation of the interests of construction business by the government, industry and peer groups in society.

CIDC is a change agent to accelerate a process of self-reform that should enable the industry to answer the challenges of the future.

Indian Society for Trenchless Technology

The Indian Society for Trenchless Technology (IndSTT) is the apex autonomous organization to promote the application of Trenchless Technology in India. It was established in 1995 with the support of the Ministry of Urban Development, Govt. of India. During the ensuring twenty five years, IndSTT has supported the development of Trenchless Industry in India substantially & has made it one of the major markets for trenchless applications. IndSTT had successfully conducted several Trenchless events, training programs, seminars, road shows etc., over this period. The last No-Dig India Show was a great success wherein 53 stands & open display space of various Trenchless equipment and products were displayed by the exhibitors. Total of twenty-five HDD rigs were put on live demonstration by the exhibitors along with live demonstration of other trenchless equipment. The exhibition was visited by numbers of visitors who got the first-hand information and feel of the various Trenchless equipment and their usage.

About Event

The event, as may be known, used to be a physical one, but due to COVID, this year it has been changed to online format. It comprises of a major exhibition & number of seminars & conferences on topical issues, and line demonstrations which again would be web based.

Objectives of the event is to provide latest information, knowledgebase and guidelines for implementation and meeting the exigencies posed in post COVID scenario. The issue being dealt are multi furious and need international inputs to gain from the experiences acquired world over, and develop & apply the best guidelines in practice. To achieve this objective, a committee of domain experts, both international as well as Indians, is needed to guide the activities.

To meet the above need an International Steering Committee under the patronage of Padma Bhushan Shri G.V. Ramakrishna & Dr. Uddesh Kohli, Chairmen Emeritus, Construction Industry Development Council has been established. It is chaired by the Chairman CIDC, Dr. P.S. Rana. The committee has representations from the international as well as Indian construction and infrastructure industry.

The structure of the committee is as follows:

Patron

Padma Bhushan Shri G V Ramakrishna ,
Chairman Emeritus, CIDC

Former Chairman, SEBI , Former Member Planning Commission , Chairman, Disinvestment Commission , Chairman, ICRA Grading Committee for the Construction Industry, Chairman,

Dr. Uddesh Kohli, Chairman,
Engineering Council of India

Chairman Emeritus, CIDC and Chairman ECI & CIAC. Secretary General IFTDO and Senior Adviser, Global Compact Office, United Nations,

Chairman International Organizing Committee

Dr. P.S. Rana, Chairman,
Construction Industry Development Council

Former CMD HUDCO Ltd., Patron and Founder Secretary, IUT, India, Advisor, DUAC

International Organizing Committee Members

Dr. Tom Iseley
Professor, Purdue University ,
USA

Dr. Mohammad Najafi
Director, CUIRE, Univer-
sity of Texas, USA

Mr. Roland W. Waniek
Managing Director, IKT,
Germany

Prof. Dr. Bert Bosseler
Scientific Director, IKT ,
Germany

Ir Dr. King WONG
Executive Director, IIUS,
Hong Kong

Er. CHENG, Kim Hua
Principal, Ciwise Consultants,
Singapore

Mr. Craig Vandaele
Chairman, NASTT,
USA

Dr. S. K. Manjrekar
Chairman & MD, SSCPL,
India

Mr. Greg McCullough
CEO, Dynamic Learning,
Australia

Mr. Baosong Ma,
Professor, Sun Yat-Sen University

Mr. P.V. Rao
Managing Director
PEBSL, India

Mr. Sanjay Bahadur
CEO, Pidilite Industries
Limited

Mr. S. Ratnavel
Association of Consulting
Civil Engineers (India)

Mr. Samir Surlaker
Director, Assess Build-
chem Private Limited

Shri Mahesh M. Mudda,
Chairman, BAI, India

Mrs. Janet I. K. Jolaoso
Chairperson, Governing Council,
NITD, Nigeria

Mr. Mu Moahan
President, BAI, India

Mr. C Devarajan
MD, URC Construction (P) Ltd.

Mr. K. Rajkumar
MD, Dharmataru Consult-
ants

Dr. P. K. Garg
Professor, IIT Roorkee, India

Mr. Manmohan Aggarwal
CA, Shiv and Associates

Dr. Shailendra K. Shukla
Professor, IIT BHU

Dr. Sanjay Rana
Director, Parsan Overseas (P)
Limited

Mr. Velamati Ramnath,
Chairperson, Andhra Pradesh Real
Estate Regulatory Authority

Mr. Balraj Joshi
Former CMD, NHPC

International Sectional Steering Committees

Australia
Nepal
Nigeria
Brazil
Italy
Saudi Arabia
USA

Sectional Steering Committees

Concrete Technology
Engineering Consultancy
Construction Machinery & Equipment
Artificial Intelligence in Construction
Standardization
Insurance
Steel
Special Services - Coating & Corrosion Prevention
Thermal Power
Geo-informatics in Construction
Global Compact
Banking & Financing
Tendering Process & Procurement Systems
AsiaConstruct

Construction Chemical
Real Estate
Pre-Engineered & Prefabricated Construction
Air Conditioning Heating & Refrigeration
Arbitration and Dispute Resolution
Skiing
Cement
Hydro Power

Sustainable Development Goals
Chartered & Work Accountancy
Emerging Technologies
Subsurface Infrastructure

INDIA CONSTRUCTION WEEK 2020 DIGITAL
TARIFF SHEET

Sl. No.	Category	Nos / Duration	INR	USD
Sponsorship				
1	Principal Sponsor	No Limit	100,000/-*	2,000/-*
2	Main Sponsor	No Limit	75,000/-*	1,200/-*
3	Sponsor	No Limit	50,000/-*	1,600/-*
Event Partnership				
4	Event Partner State		200,000/-*	NIL
5	Event Partner Smart City		100,000/-*	NIL
6	Event Partner Department		50,000/-*	NIL
Digital Exhibition				
7	Premium Stall Charges		35,000/-*	700/-*
8	Normal Stall Charges		25,000/-*	500/-*
9	Live Demo Charges	Per 1.5Hrs	20,000/-*	350/-*
10	Site Visit Charges	Per 1.5Hrs	20,000/-*	350/-*
11	Workshops Sponsoring Charges	Per 1.5Hrs	20,000/-*	350/-*
12	Visitors		Free	Free
Digital Conference				
13	Conference Presentation		NIL	NIL
14	Participation fee for Delegate (CIDC Allied Society Members)		300/-	10/-*
15	Participation fee for Delegate (Non-Members)		500/-	15/-*
16	Participation fee for Student Delegates		300/-*	10/-*
Digital Workshop / Technical Training Program				
17	Technical Training Program / Paid Workshops		As per Specific Program	

* GST: Extra as applicable.

Event Partners

Mode of Payment

Registration request must be accompanied by payment through A/c Payee cheque/NEFT/RTGS / bank draft drawn in favour of “Construction Industry Development Council ” payable at New Delhi.

For sponsorships / registrations or further enquiries and details, please contact:
