

# Engineering Council of India

1304, Hemkunt Chambers, 89, Nehru Place, New Delhi-110019

Email: [eci@ecindia.org](mailto:eci@ecindia.org), Website: [www.ecindia.org](http://www.ecindia.org)

Dear Colleagues,

In line with our discussions held on 20th June during the webinar of ECI, we are proposing to constitute following task forces.

1. Task force on follow up of proposed engineer's bill.
2. Task force on resolving the impact of Architect bill on consulting Civil Engineers.
3. Task force on enabling various Government/ Project Authorities to introduce a preferential engagement clause for the Pes.
4. Task force on evolving the strategies & their implementation for training the young engineers & engineering students.
5. Task force on creating an interface platform & for interactions with Industry.

I would request all our friends, who are keen to join & contribute to these objectives, to send me a confirmation, indicating their choice of task forces, they wish to serve on.

Regards

(B. R. Jain)  
Sr. Adviser
