SEMINAR ON “PLANNING, DESIGN AND CONSTRUCTION OF LONG SPAN BRIDGES”

1. I am writing this DO letter in connection with conduct of a Seminar on “**Planning, Design and Construction of Long Span Bridges**”.
2. Construction of bridges across rivers and other water bodies having difficult terrain features, widespread water way, high depth of water, high velocity of current and those flowing in boulder laden hilly areas has always been a challenging task for the fraternity of Bridge Engineers.
3. Therefore, with a view to analyse the various challenges associated at each stage of planning, design & construction of long span bridges and develop proper understanding thereon, a two-day Seminar on, “**PLANNING, DESIGN AND CONSTRUCTION OF LONG SPAN BRIDGES**” is being organized by **Indian Institution of Bridge Engineers, Delhi State Centre** (supported by **Border Roads Organisation**) on **1st and 2nd Nov 2018** at Manekshaw Centre, Delhi Cantt., New Delhi.
4. As your organisation is playing a vital role in this field, may I request you to please make it convenient to attend the event and nominate suitable delegates for the same. We would also highly appreciate contribution of technical papers for the souvenir being published on the occasion. Few papers will also be selected for power point presentation during the seminar.
5. May I also request you to participate as a sponsorer in any one of the category to make conduct of the seminar successful. The details of fees payable for registration, advertisement, installation of Exhibition Stall and sponsorship are given in the Brochure enclosed herewith.
6. The seminar will definitely lead to better understanding of the realities pertaining to efficient planning & design of Long Span Bridges and latest developments in construction techniques and generate novel ideas for the advancement in this field.
7. Looking forward for your active participation.
