

6 DAYS
WEBINAR

Engineering Council of India

Liaison Work in Construction Projects

Introduction

It is observed that the liaison Work of projects with either Municipal Corporations, Area Development Authorities, Fire Fighting Department, Forest Department etc., is not understood, specially by engineers. This area of activity is normally considered as an exclusive domain of architects. In light of the recent Supreme Court Order on Civil Appeal No 1819 of 2020, which was filed by Council of Architecture (COA), the Hon'ble Supreme Court has held that 'Section 37 of the Architects Act does NOT prohibit individuals not registered under the Architects Act from undertaking the practice of architecture and its cognate activities'. This has been the stand of Engineers since long and is also clearly stated at clause 3) of Prefatory Note stating the Objects & Reasons while passing the Architects Act in 1972. This sector offers immense career possibilities and opportunities for engineers both fresh and as well as for those already practicing. This webinar series shall provide and discuss intricacies of this activity domain.

About ECI

Engineering Council of India (ECI) is the apex body of the engineering profession in India. It is mandated to look after and develop the Indian engineering profession. As on date, it has 33 Indian engineering professional bodies as members representing practically all streams of engineering. It has representatives from 8 Government Departments on its Board. It is duly authorised by AICTE, CPWD, Niti Aayog etc, by MoUs or documents to interact with them, in specified areas. Further details can be had from its website www.ecindia.org.

FACULTY

Mr. Aduri Sreenivas is a Professional Engineer in Civil Engineering and, he is the Head of Strategic Projects in MicroCenter Gulf, Kingdom of Bahrain. He has 28 years of Geospatial & IT industry experience in Software development. He is certified in BIM according to ISO 19650 and certified from buildingSMART, US chapter.

DATE

From September 09 to September 14, 2024

TIME

1600 Hrs to 1730 Hrs IST

DURATION

1.50 HR. Daily with 6 Days Training

CREDIT HOURS

18 points will be credited in CPD account

WHO CAN ATTEND

Engineering Students, fresh Engineers and middle level experienced Engineers, Architects, both practicing or students, and all others desirous to deal / dealing in Liaison Work in Construction Projects related to Urban Local Bodies such as Municipal Corporations, Area Development Authorities etc.,

FACULTY

Mr. Subhash D. Pathak
